#1 Goat milk formula worldwide

Kabrita® nourishes over 1.5 million babies across +50 countries. Kabrita is approved by FDA & EFSA, and trusted by healthcare professionals in the Middle East.

Made in the Netherlands and adheres to strict European standards

Kabrita milk is supplied from over 100 Dutch family-run goat farms that comply with the Dutch Goat Dairy Organization animal welfare and food safety assurance program. Kabrita adheres to European standards that limit the use of antibiotics, growth hormones, and pesticides.

Easier to digest A2 protein

The goat milk whey protein in Kabrita is an ideal source of protein and is easier to digest than cow milk whey protein.¹⁻³ Contains a whey:casein ratio of 60:40, just like the ratio found in mature breast milk.

Contains 6 HiMOs and probiotics BB-12® (Symbiotic) to support a healthy gut

Kabrita naturally contains high levels of goat milk oligosaccharides which act as a prebiotic. 2'-FL and GOS -GL is also added as a prebiotic. Kabrita adds the probiotic strain BB-12® Bifidobacterium animalis ssp lactis, which may support a healthy gut.⁴

Unique fat blend (Goat Milk Fat + OPO)

Whole goat milk is a very rich source of nutrients, and a good source of fatty acids.⁵ High levels (52%) of β -palmitate in IF have been studied thoroughly. These studies show clinically proven benefits on gut health, growth and comfort.

Added Algae DHA and ARA

Kabrita contains DHA and ARA in a 1:1 ratio to support brain development and cognitive function. The DHA is sourced from algae.

Ingredients

Lactose (**milk**), **Whole goat milk**, Vegetable oils (1,3-Dioleoyl 2-palmitoyl triglyceride, Rapeseed oil, Sunflower oil), **Skimmed goat milk**, Goat whey protein concentrate (**milk**), Galacto-oligosaccharides (**milk**), Minerals (Tricalcium phosphate, Calcium carbonate, Trisodium citrate, Sodium chloride, Potassium hydroxide, Ferrous sulphate, Tripotassium citrate, Zinc sulphate, Magnesium chloride, Copper sulphate, Manganese sulphate, Potassium iodide, Sodium selenate), Docosahexaenoic acid-rich algae oil, Arachidonic acid-rich oil, Choline bitartrate, 2'-Fucosyllactose (**milk**), Vitamins (Sodium L-ascorbate, L-ascorbic acid, DL- α tocopheryl acetate, Calcium D-pantothenate, Niacinamide, Thiamin hydrochloride, Riboflavin, Retinyl acetate, Pyridoxine hydrochloride, Folic acid, Phytomenadione, D-biotin, Cholecalciferol, Cyanocobalamin), L-phenylalanine, L-tryptophan, Taurine, Inositol, L-carnitine L-tartrate, L-carnitine, Bifidobacterium animalis.

Allergen information: Contains milk.
